

Our school has become an early adopter in an exciting new initiative by Croydon Council to improve support for children with special needs or disabilities who live in Croydon.

Along with several other schools in our area, we've been given funding to provide earlier and better targeted help and support to SEND youngsters. This will enable our special needs staff to work closely with our partner schools to quickly get the necessary support and help for students who are beginning to demonstrate that they have additional needs which can't be met through our own school SEND resources.

This early help which may be in the form of advice, school to school support, referral to specialist services, or additional resource can be put in place rapidly without unnecessary delay. This is because our group of schools hold the funding between us so we can direct this to the most suitable children in an efficient targeted way.

The initiative is called "Locality SEND Support" and will run throughout this academic year. We will monitor the outcomes closely, and if it proves successful it is anticipated that it will then be rolled out across all schools in Croydon. Presently the scheme is only for Croydon residents and will not impact on students who already have an Education & Health care Plan or those in Enhanced Learning Provisions.

If you want to learn more about this scheme please contact our SENDCO and we will be happy to send you further details.
