

# Greenvale Primary School

## P.E Funding Statement 2021-22

Total PE and Sport funding for the current academic year 2021-22 will be £18,160. This is calculated using a single payment of £16,000, followed by an additional £10 per pupil. We have calculated our pupil numbers for the 20/21 academic year to be at 219.

7/12 of this funding will be received by October (£10,610)  
With 5/12 following in April (£7,579).

This funding is now guaranteed until 2022 and is ring fenced.

### **Brief overview of PE and sport provision, including facilities in the school (prior to funding)**

Sport has always been an important part of the Education provision provided at Greenvale. P.E lessons at Greenvale are taught by class teachers who work alongside a P.E specialist. Staff have had CPD on various aspects of PE, resources were well stocked and a large number of clubs were in place. The school has always entered Croydon leagues and taken part in sports festivals. The school has benefited greatly from having a trampolining and gymnastic coach over the past ten years. Gymnastics and Trampolining lessons are rotated throughout the year to enable the specialist to work alongside staff and enhance P.E teaching throughout the school.

### **The Physical Environment**

#### **Indoor Provision**

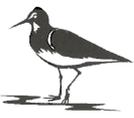

Greenvale has a large hall in which PE lessons take place. This is equipped with two wall bar frames, three trampolines and a variety of equipment used during P.E lessons. The hall is also used by extra-curricular club providers to run before and after school clubs for Greenvale pupils such as gymnastics and tennis.

#### **Outdoor Provision**

When the weather is suitable, we try to make use of our outdoor space which includes two netball courts, and two large playing fields. On the lower field is a trim trail which is used frequently in the summer months by those lower down the school and also has an athletics track and long jump pit. The school has recently invested in some additional playground equipment to improve children's upper body strength as well as a climbing frame for the field for use during the summer months. The school has a history of hosting a number of events for schools in the local cluster, including cross country and football tournaments.

### **Current Provision at Greenvale:**

**Football** – The school enter the school football league and two cup competitions each year, and won the local league competition consecutively over the past three academic years as well as winning the Small Schools' Cup in 2020. The team have a history of performing well in competitions and have had a number of pupils represent the school (boys and girls) at district level.

# Greenvale Primary School

The school has an external provider delivering after school provision for Rec-Y4, and the school run an after school club for years 4-6.

**Girls' football** – Girls are invited to attend the football club after school each week and partake in fixtures during the Summer term. The school has worked closely with Crystal Palace football club to provide sessions to girls in Year 2 and Year 3. As a result, three pupils now attend CPF Wildcats at the weekend.

**Netball** – The school has a long history of entering the league and performing well against other local larger and independent schools. The school will be using some of the money to repaint the markings on the netball court.

**Trampolining** – The school continues to provide trampolining as part of the curriculum at Greenvale. Children work hard each year to develop sequences to achieve badges that are presented during assemblies. An after school club runs once a week. A number of Greenvale pupils partake in competitions outside of school.

**Gymnastics** – The school provides gymnastics as part of the curriculum. Children are also able to attend an after school club should they wish to develop their skills further. In the summer of 2019, a number of children represented the school in a competition against another local school. A number of children were rewarded with medals and trophies for their performances. This is something we hope to repeat during the 21/22 academic year.

**Swimming** – The school entered the annual swimming competition and had around 30 pupils represent the school. This will resume in September 2021 for our Y5 cohort.

**Rounders** – The school holds an after school club during the summer term and competes against local schools.

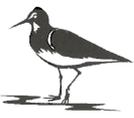

**The Daily Mile** – This year, a number of classes are trialling 'The Daily Mile' to not only improve physical fitness but also to improve focus and academic achievement within the classroom.

**Athletics** – The school has a long history in taking part in competitions against other local schools. Pupils take part in the annual Croydon Sports athletics competition and regularly perform well. Last year the school was one of a small number of schools to take part with one pupil making it into the top three places for the 600m and another in the top three for the long jump.

**Tag rugby** – Pupils are able to take part in tag rugby after school club which runs once a week. We will look to enter a competition over the forthcoming year to provide our pupils with some competitive experience.

Other clubs that are run by the school:

Tennis (MDL coaching)  
Taekwondo

# Greenvale Primary School

We also have a number of pupils who have gone onto achieve success in out-of-school clubs, including football, martial arts, rugby and dance.

## **Ex-Pupils who have gone onto achieve success in recent history:**

Stefan Amokwandoh – Represents the country at triple jump.

Samuel Keefe – Signed for Charlton FC

Aron Sasu – Signed for AFC Wimbledon

Jade Davenport – Crystal Palace ladies

## **School PE and sport development priorities based on our school context and identified pupil need.**

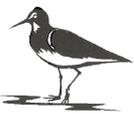

- To continue to create provision for able and talented children in sport. This includes developing their all round sporting ability and ensuring they have good access to clubs outside of school.
- To continue to give all children the opportunity to take part in intra school competitions, some the opportunity to take part in inter school competitions and where possible support those representing the borough, county or national teams in sport.
- To be able to continue to provide trampolining and gymnastics lessons throughout the school.

## **Quality assurance. What systems are in place to ensure value for money and the involvement of the school leadership team in overseeing the effectiveness of the projects?**

The Head teacher oversees all sport provision alongside the P.E coordinator. P.E funding is also discussed during curriculum committee meetings.

## **Sustainability**

The school strives to ensure that the funding provided allows the school to be sustainable in its approach towards PE and ensuring that it remains to have a high profile at the school. The school will aim to do this by ensuring that staff are provided with high quality training, enabling them to improve and develop their teaching of PE. The PE leader regularly audits resources to ensure that pupils have access to high quality PE equipment and facilities during lessons.

# Greenvale Primary School

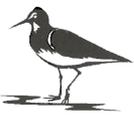

## Swimming

At the end of the 20/21 academic year, 81% of Y6 pupils were able to swim 25 metres (Front and back stroke).

All pupils took part in lifesaving sessions with 32% of pupils going on to complete the lifesaving award.

Below is a breakdown of the planned spending for the academic year 2021/22.

Use of Funding	Provision	Success criteria (based on impact on pupil outcomes)	Cost
Buying in a trampolining / gym instructor for 2 days a week.	Each class receives a trampolining session once a week.	Pupils develop a love for trampolining and remain fit and agile.  Pupils perform a display at the end of each year to parents.  Staff work alongside the PE specialist to develop their subject knowledge and teaching of the P.E curriculum. They will use this knowledge to help them plan their own PE lessons.	£10,379
Taking part in 'enrichment activities' across schools.	Pupils and staff to work alongside local cluster schools. (Sport Science sessions)	Pupils to attend sessions and compete with and against other schools. Pupils to have an understanding about the science behind exercise and the impact on the body.	£200
Enter local leagues for football and netball.	Pupils at the top of KS2 are able to represent the school in sporting competitions.	Annual affiliation fees paid to play in football, netball leagues.	£150

# Greenvale Primary School

Increase active play with new playground equipment (Trapeze and Dance with me station)	New piece of equipment / line markings for the playground	Children use the equipment and are encouraged to be more active during playtimes.	£2660
Affiliation fees for Swimming and Athletics.	Children are able to use local facilities in order to develop skills.	Annual affiliation fees paid to take part in annual competitions.	£80
Netball court markings	The courts are painted using weather-proof paint to allow netball matches to take place.	Children are able to play competitive netball games against other local school teams.	£1000
Membership to the Croydon Sports Partnership	The school is able to develop staff through a range of CPD offered by the School Sports Partnership.  Children will also be able to attend events throughout the year and compete against children in other schools.	Pupils partake in sporting activities alongside other schools.  Staff benefit from additional CPD and coaching in schools.	£3,557
Cover for member of staff to attend Sports partnership events	6 days per year to allow a member of staff to attend sporting events.	Staff are able to attend sporting events and identify talent and promote sports and physical activity towards individuals.	£1000
Purchasing resources to support P.E lessons.	Resources to be purchased as and when required.	Children have access to high quality P.E resources	£800
		<b>Total</b>	<b>£19,826</b>
